

**not your
average
law job**

Posting Guidelines

Our goal is to connect lawyers looking for change with the broadest range of job opportunities possible. If you are not sure whether your job is a fit, send it to us! We would love to hear from you and will get back to you within 2 business days.

We do have a few criteria:

1. You need to be open to hiring a lawyer for the position. It does not need to be a traditional legal position.
2. Your position needs to be in Canada, or if it is international, you need to be open to hiring a Canadian lawyer and be ready for questions about work permits/immigration and relocation costs.
3. You need to be able to identify a few “not average” things about the position. What makes it cool or interesting?
4. You cannot include any information in your posting that would be considered as discrimination under Human Rights laws.

If it is a fit, send us the posting information, and get ready to hear directly from some great applicants!
